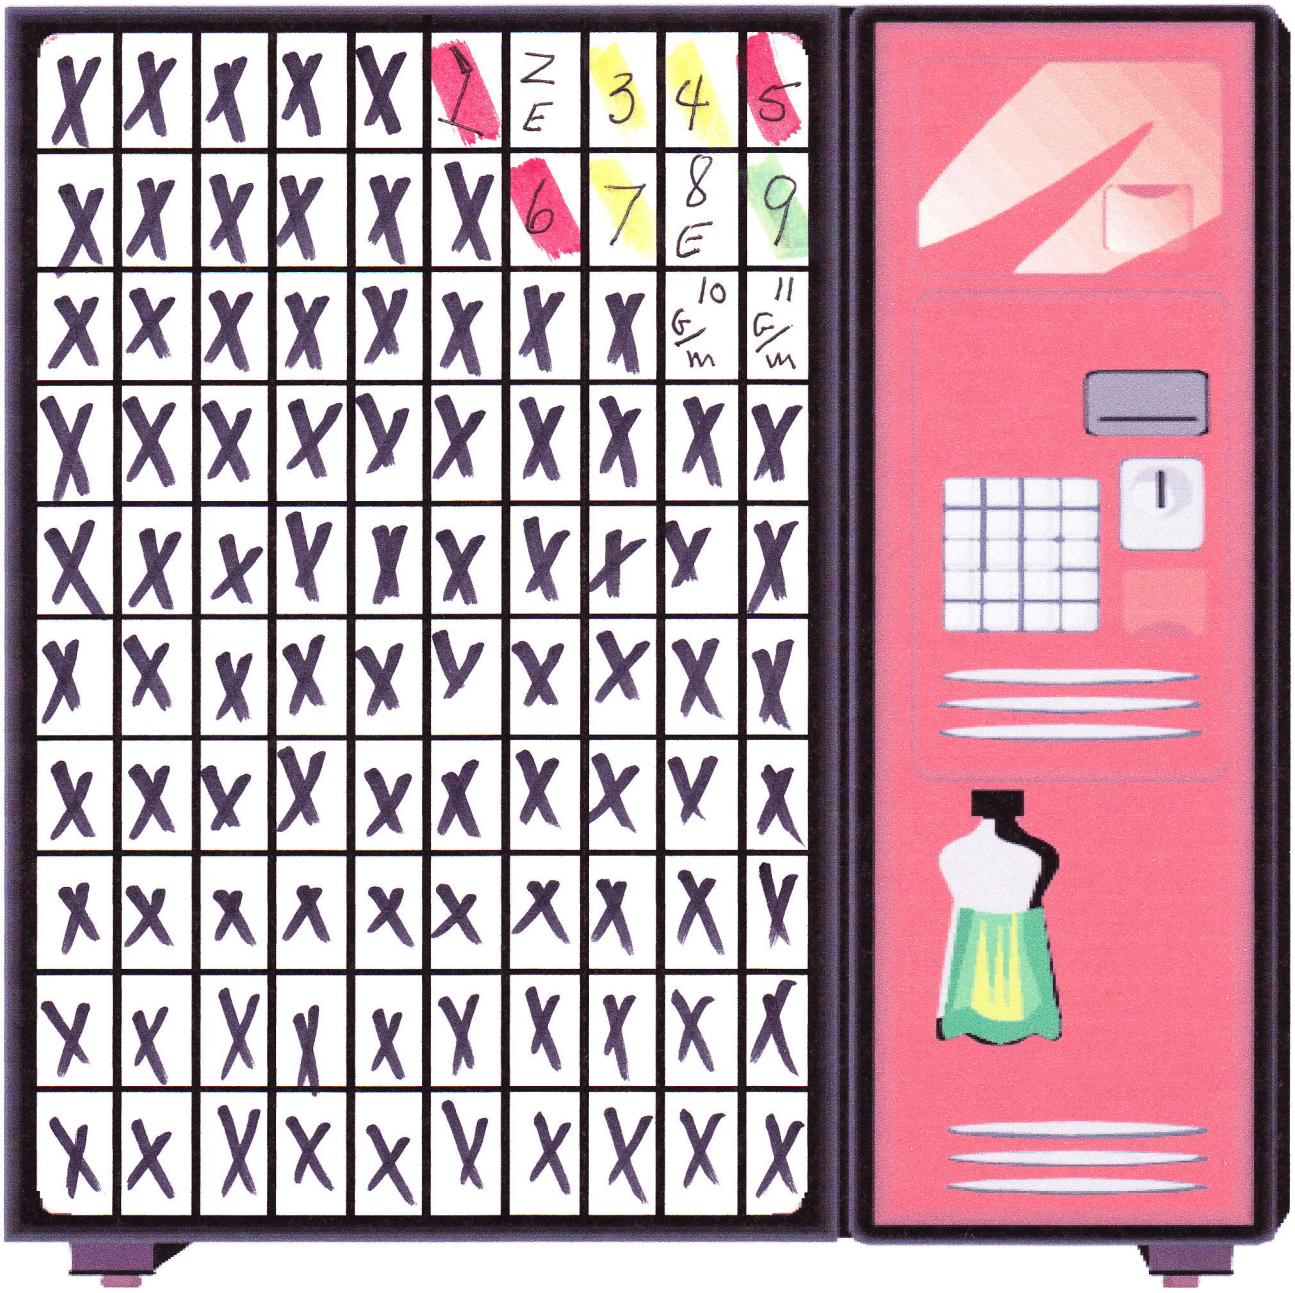
Nutrition Environment Measures Survey (NEMS)
Individual Vending Machine Graphic

1. Place an "X" in the slots that are not used in the vending machine. Place an "G/M" for the slots that are filled with gum or mints. Place an 'E' in the slots where the product has been sold out.

2. Number the remaining slots that do not have an "X". Starting with the first number in the upper left hand corner moving left to right. Then proceed down the rows. Each slot with product will have one number assigned, including slots marked "E" or "G/M".


3. Please staple this form to the individual Vending Machine Cover Page.
